News from the Illinois Department of Veterans Affairs ★ Volume 6, Issue 2 ★ February 2026

★ Message from IDVA Director Terry Prince

February is a critical month for Illinois as State agency budgets are presented to Governor JB Pritzker and the general assembly. The IDVA Fiscal Team assessed our needs and goals and created a budget that allocates resources responsibly, while also allowing room for IDVA to expand its reach and services. Our budget highlighted our success stories from the past year as enduring proof of the Agency's diligence in directing resources to serve veterans at the highest level.

For FY2026, we requested \$258 million, an increase of 7.2% from FY2025. This modest increase supports our continued goal of elevating services to veterans. Our strategic plan includes increasing critical staff, ensuring we provide appropriate supplies to the Homes with ongoing cost increases, adding clinical and educational programs for CNAs, and expanding care to veterans.

We are grateful to Governor JB Pritzker, the Illinois General Assembly, and the people of Illinois who demonstrate their dedication to Illinois veterans by providing us with the funding to be resourceful and innovative to ensure veterans thrive in Illinois.

The biggest example was the opening of the domiciliary and long-term care buildings at the Veterans' Home at Quincy. This \$300 million "Rebuild Illinois" project was the crown jewel of IDVA's intention of providing our veteran homes residents with unmatched care in a beautiful setting, while demonstrating the state's ongoing commitment to the well-being of veterans in our care. Collectively, we welcomed 316 new residents into the State Veterans Homes while providing long-term nursing home care for nearly 1,000 veterans. To learn more about getting care at one of our Veterans Homes, please visit our website at illinois.veterans.gov.

The IDVA Veterans Service Officers deployed across the state conducting nearly 22,00 in-person telephonic interviews with veterans. This resulted in almost 24,000 federal benefit awards netting \$617 million in VA disability compensation. Each year, the VSOs increase their reach, and we anticipate this to grow with the addition of new VSOs to our staff.

In this edition of *Veterans Connections*, you will learn about resources to obtain G.I. Bill® benefits, Veterans Cash Grants, IDVA job opportunities, and more.

Thank you for staying connected to IDVA.

Sincerely,

Terry Prince, Director and U.S. Navy Veteran

National Association of State Approving Agencies Conference

The G.I. Bill® is a transformative benefit for veterans and their families, providing education and training benefits to active duty, Selected Reserve, National Guard members, and their families. To facilitate obtaining these earned benefits, each state employs a State Approving Agency (SAA) which approves college and non-college degree programs, vocational flight training, apprenticeships and other on-the-job training. The SAA works individually with veterans and their families to identify educational opportunities and assist with applications. In FY2025, the Illinois SAA provided Illinois veterans with opportunities to train at 1,424 approved education and training facilities. These numbers include educational programs at 175 universities, colleges, and community colleges, 116 vocational schools, and 438 high schools for dependents using the Survivors and Dependents Education Assistance program. The State Approving Agency also approved 624 apprenticeship and on-the job training facilities for veterans, military service members, and their families. Illinois leads the nation in active apprenticeship and OJT programs.

The National Association of State Approving Agencies (NASSA) was formed to protect and promote the G.I. Bill® and support the efforts of the SAA with education, resources, and networking opportunities. It held its annual conference in Pentagon City from February 7th through the 11th. The IDVA State Approving Agency (SAA) team, Jeffrey Lewis, Janine Ariola, and Andrew Piper participated in the conference, which offered three full days of presentations, education, and networking.

USDVA Deputy Secretary Dr. Paul Lawrence presented critical information about the current state and the future of VA benefits. The USDVA Executive Director of Education, Kenneth Smith provided an update on education. Legislation relevant to educational benefits was presented by a panel including members from TAPS, VFW, and the American Legion. An afternoon on Capitol Hill included a panel of members from the Veterans Committee and a liaison event with Indiana Senator Jim Banks and Illinois Representative Mike Bost.

"This was a great event as I was able to put names with faces, meet my mentors from Indiana and North Dakota, and make connections with others that will be able to help me as an Administrator," said SAA and VETS Administrator Jeffrey Lewis.

If you are a veteran or family member interested in learning more about the G.I. Bill® or other educational opportunities, [please click here](#).

Black History Month

Throughout Black History Month, we have recognized and celebrated the significant contributions of Black Americans to our nation, communities, and IDVA. Black women have served in our nation's military since before it was even a nation. They trailblazed courageously and contributed to protecting our freedoms at the highest level. They reached well deserved heights and honors never achieved before. Take a moment to learn about a few of the amazing women with appreciation for their service and awe of their determination.

Danielle Green, Chicago, is a U.S. Army veteran, Paralympic gold medalist, and motivational speaker. After losing her left arm during combat in Iraq, she went on to win gold with the U.S. Paralympic Women's Basketball Team, becoming a powerful symbol of resilience and determination.

Brigadier General Hazel Johnson-Brown made history as the first African American woman general in the U.S. Army. With over 30 years of service in the Army Nurse Corps, she paved the way for generations of women leaders in military medicine and leadership.

Colonel Charity Adams Earley was the commanding officer of the 6888th Central Postal Directory Battalion, the only all-Black, all-female unit deployed overseas during World War II. Her leadership ensured critical mail reached millions of service members, boosting morale during wartime.

Chicago Central Office celebrates Black History Month at Wilma's Famous BBQ Tavern.

Major General Marcelite J. Harris was the first African American woman to achieve the rank of Major General in the U.S. Air Force. She was a trailblazer in leadership, logistics, and advocacy for women in uniform.

Veteran Service Officer Anthony Hernandez, Metro Region (Will Lockport), was honored as the Chicago Blackhawks Hero of the Game on 20 January 2026.

The visit was part of 92nd annual Pilgrimage to the Tomb of President Abraham Lincoln, organized by Springfield Post No. 32 of the American Legion. The event was created in 1935 by World War I veterans and the American Legion to honor President Lincoln and the Civil War Veterans in Springfield. The event includes a commemorative breakfast and a procession to the tomb for a traditional wreath-laying ceremony at Oak Ridge Cemetery, one of the most visited cemeteries in the nation.
